

Dear Student

*You are going to do a practical work week at a business to gain work experience and complete an assignment(s). We as lecturers are in the process of getting feedback from the employer / businesses to learn from your experience in order to improve these work-integrated activities. Would you please **ask 2 persons** at the business where you are going to work to complete a short questionnaire as to get insight in their viewpoint of the value of the work experience of students. E.g. the manager and a person that you directly work with. **We request that the 2 persons complete the questionnaire during your work week.** We appreciate your and their effort with this.*

Beste student

Jy gaan 'n praktiese werksweek by 'n onderneming doen om praktiese ondervinding op te doen en 'n opdrag(te) te voltooi. Ons as dosente is besig om terugvoer van die werkgewer / onderneming te kry om van u ondervindings te leer ten einde hierdie werk-geïntegreerde aktiwiteite te verbeter. Ons versoek dat jy **2 persone** by die onderneming waar u gaan werk sal vra om 'n kort vraelys te voltooi om insig te kry in hul siening van die waarde van die werkservaring van u as studente. Bv. die bestuurder en 'n persoon waarmee u direk werk. **Ons versoek dat die 2 persone die vraelys gedurende jou werkweek voltooi.** Ons waardeer jou en hulle moeite hiermee.
